

The wreck of the ship *Spartan*, lying off Spreckelsville, will be blown up by 250 pounds of giant powder, next Sunday. Quite a number of people have arranged to attend the spectacle. The wreck is now three feet under water in 22 feet of water. Seven hundred tons of coal have been saved. In the recent big blow, when the vessel commenced to break up, the donkey engine, steering gear, dismantled yards and masts which had been placed on deck for removal, were all lost.

M. H. SERVICE COSTLY.

Great interest has been aroused among members of the Association of Masters and Pilots, Marine Engineers and the Sailors' Union of the Pacific Coast and other associations whose members are entitled to the benefits of the U. S. Marine Hospital service, because of the recent statements alleged to have been made by Secretary of the Treasury Shaw, to the effect that the service has doubled its expenditures in the last few years, and that he has stopped the building of two marine hospitals already in the process of building and is averse to building more. The associations above referred to feel that it would work an untold harm on many seafaring men were the hospital branch of the Public Health and Marine Hospital service done away with as suggested, and urge that the service, since its reorganization to date, has not only had its functions largely added to, but treated more sick men than before at a less cost per capita.

Many of those who received benefits of the service at this port deplore the fact that a new marine hospital has not been built here and expenditures increased, so that every possible convenience of a modern hospital could be added.—Chronicle.

KAUAI SHIPPING.

The W. G. Hall arrived yesterday morning at 5:25 from Nawiliwili and other Kauai ports with the following cargo: 40 bags rice, 11 bags coconuts, 7 bbls. hides and 15 pkgs. sundries. Pursuer McNamara reports 2000 bags sugar at K. S. M. and the Mikahala at Waimea.

The St. Francis has finished discharging her coal and will leave Elele in ballast for the Sound today.

The Puho will start to discharge her coal at Elele today.

THE ALAMEDA.

The Alameda is to resume her regular run between Honolulu and San Francisco on December 2, when she will leave the Coast. This is the regular schedule. She will arrive here December 8. The vessel will have since the grounding of the Alameda on the rocks off Fort Point on the morning of September 30 the vessel has been put on dry dock and her hull practically rebuilt. She has also received other improvements throughout. Many people figure that she will be better than ever after the work is complete. The Union Iron Works Co. at San Francisco has the contract for repairing the boat at a cost of something like \$30,000.

SHIPPING NOTES.

The Noeau took no passengers yesterday.

The steamer Nebraska leaves for Kahului today at five p. m. en route to San Francisco.

The Oceanic steamer Ventura is due tomorrow from the Coast with five days' mail and Coast files.

There was but one local steamer out yesterday, the Noeau, which left at five p. m. for Mahukona, Kukuihaele and Honokaa.

The American ship S. D. Carleton, McLeod, sailed for the Sound in ballast yesterday. She came here on the ninth of last month with coal.

The Helene arrived from Kauai and Hawaii ports at 1:07 a. m. yesterday, with 514 bags sugar, 58 bags coffee, 55

It's an easy job for the barber to part the hair on a head like this.

It's just as easy to prevent baldness if you only do the right thing.

Baldness is almost always a sure sign of neglect; it is the story of neglected dandruff.

Dandruff is untidy, unnecessary, and unhealthy.

Ayer's Hair Vigor

cures dandruff and prevents baldness. You save your hair and you are spared the annoyance of untidy clothing.

It also stops falling of the hair, and makes the hair grow thick and long.

Do not be deceived by cheap imitations which will only disappoint you. Be sure you get AYER'S Hair Vigor.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

HOLLISTER DRUG CO., AGENTS.

head cattle, 27 bundles hides and 21 packages sundries.

The Kinau came off the marine railway about ten yesterday morning with a clean keel and a new coat of paint, being her regular semi-annual hull cleaning. She will leave at the usual hour today for Hilo and way ports.

Pursuer Birmingham reports leaving Kawaihae at 9:50 a. m. Sunday, very fine weather and heavy swell on Honokaa coast. At Honokaa they anchored and celebrated the Japanese Emperor's birthday. There are about 1000 bags of sugar there.

Three inter-island steamers leave this noon—the Kinau for Hilo and way ports, the Likelike for Maui county ports, and the Mauna Loa for Kona and Kau. At five o'clock the W. G. Hall goes to Kauai and the Maui to Hamakua ports. In addition, the Sierra will probably leave in the afternoon for San Francisco, so that the postoffice will be pretty busy sending mail by steamer in five separate directions in one day.

SHIPPING INTELLIGENCE.

ARRIVED.

Friday, November 3.

Stmr. Mauna Loa, Simerson, from Kona and Kau ports, 5:30 a. m.

S. S. Nebraska, Weedon, from San Francisco via Kahului, 6 a. m.

Sunday, November 5.

Stmr. Kinau, Freeman, from Hilo and way ports, 9:15 a. m.

Stmr. Ke Au Hou, Tullett, from Kauai ports, 5:25 a. m.

Stmr. Noeau, Pederson, from Napoopoo, 5:10 a. m.

Sunday, November 5.

Stmr. Likelike, Naopala, from Maui county ports, a. m.

Stmr. W. G. Hall, Thompson, from Kauai ports, 5:25 a. m.

Marion Chilcott, Williams, from Gayote (Los Angeles), oil.

Schr. Ada, Mana, from Ophale (Honolulu), awa.

Jap. bgtn. Jinsei Maru, Yamasaki, from Juneau, bound for Bonin Islands, salmon, short of water, off port.

Sunday, November 5.

Am. sp. Abner Coburn, Burgess, from Newcastle.

Monday, November 6.

Stmr. Helene, Nelson, from Kawaihae, 1:07 a. m.

S. S. China, Friele, from the Orient, 10:30 a. m.

DEPARTED.

S. S. America Maru, Going, for the Orient, 12 m.

Stmr. Claudine, Parker, for Maui ports, 5 p. m.

Sp. Brenda, Learmont, for Newcastle.

Am. ship S. D. Carleton, McLeod, for Port Townsend, 3 p. m.

Stmr. Noeau, Pederson, for Mahukona, Kukuihaele and Honokaa, 5 p. m.

Stmr. Nihau, W. Thompson, for Kauai ports, 5 p. m.

S. S. China, Friele, for San Francisco, 6 p. m.

Stmr. Ke Au Hou, Tullett, for Hawaii ports, 5 p. m.

PASSENGERS.

ARRIVED.

Per S. S. Mauna Loa, from Kau and Kona ports, 5:30 a. m.—J. Hutchins, Mrs. Hutchins, Aug. Dreier, Mrs. Dreier, Miss Dreier, P. Cummings, E. K. Stone, Col. Norris, Rev. Kahane, Miss E. Schnoor, W. H. E. Arneemann, Mrs. W. F. Roy, Miss F. Stephens, Mrs. A. F. Cook, A. F. Linder, F. S. Dodge, W. M. Campbell, R. A. McWayne, J. P. Brown, Mrs. D. K. Bendt, H. E. Pickett, A. Dereg, Mrs. Geo. Gibbs, Miss I. Gibbs and 25 deck.

Per S. S. Nebraska, from San Francisco, for Honolulu—C. P. Morse, wife and child, and servant; for Kahului, Mr. and Mrs. Frank Baldwin, Miss Baldwin.

Per stmr. Ke Au Hou.—W. E. Rowell, Mrs. Helen Smith and two children.

Per stmr. Noeau.—A. Calhoun.

DEPARTED.

From Kauai ports, per steamer W. G. Hall—George H. Fairchild, Francis Gay, W. T. Rawlins, Chas. K. Nolley, A. Gartley, Chas. Hall, Mrs. Devrell, Mrs. Sandow, Miss Cramer, Mrs. Mossman, Mrs. Akoni, Miss A. Kaloa, S. J. Passoth, K. Odo, L. Gilbert, S. Matsumoto, Mr. Hao, Ah Chew, Chas. Kaanol.

Per Claudine, 5 p. m., for Kahului—Miss Muther, J. P. Cooke, Dr. Baldwin, J. L. Fleming, Harold Dillingham, Mrs. A. L. Crook, child and servant, Bishop Restarick, T. A. Hays, P. D. Creedon, E. C. Peters, Miss Apl, Mrs. Watson, E. A. Mudrell, M. Watson, C. F. Chillingworth, Geo. Renzits, Mrs. Makahio, Miss Krueger, E. R. Hendry, For Kipahulu: J. Phillips, For Lahaina: E. Kruse.

Per stmr. Mikahala, for Kauai ports.—Judge A. Perry, Mr. De Lacy, Dr. A. J. Derby, Prof. L. W. Hart, J. W. L. Marshall, Lee Gilbert, Charles Blake, C. B. Hall, Dr. Sandow, Mrs. C. McKenzie.

A BROKEN DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is INCREASED VITALITY—vigour—VITAL STRENGTH AND ENERGY to prove that as night succeeds the day this may throw off these morbid feelings, and experience be more certainly secured by a course of the celebrated life-reviving tonic.

It is not by any other known combination. So surely as it is taken in accordance with the printed directions accompanying it, will the shattered health be restored, and a new existence imparted in place of what had so lately seemed worn-out, "used up" and valueless. This wonderful medicine is pure vegetable and innocuous, is agreeable to the taste—suitable for all constitutions and conditions, in either sex; and it is difficult to imagine a case of disease or derangement, whose main feature are those of debility, that will not be speedily and permanently benefited by this never-failing recuperative essence, which is destined to cast into oblivion everything that had preceded it for this widespread and numerous class of human ailments.

THERAPY.

Is sold by principal Chemists throughout the world. Price in England 2/6 and 4/6. In ordering, state which of the three numbers required, and observe that the word "Therapy" appears on the British government Stamp (a white letter on a red ground) affixed to every package by order of His Majesty's Stationers, and without which it is a forgery.

WEEKLY CROP BULLETIN.

For the Week Ending November 4, 1905.

Local Office, U. S. Weather Bureau,
Honolulu, T. H., November 6, 1905.

GENERAL SUMMARY.

During the past week low night temperatures have been quite general, but the days have continued moderately warm. Considerably less rain has fallen during the preceding week, being confined largely to eastern and southern Hawaii and eastern Maui. Conditions are becoming very dry again in many leeward sections.

Young cane is generally reported as in good condition and growing nicely, but in windward Hawaii would be benefited by less rain and more sunshine. In the windward districts of Hawaii, weeds continue to be very troublesome, and in some sections it has been impossible to keep them down, owing to shortage of labor. A decrease in the amount of water available for irrigation purposes is noted in central and windward Maui. The condition of cane in the Kau district of Hawaii has been much improved by good showers during the week. Tasselling of 1906 crop cane is becoming general, especially in Maui and Kauai. A marked decrease in the activity of leafhoppers is reported. Young pineapple plants are in good condition, and the harvesting of a small quantity of advanced pines of the winter crop is in progress at Haiku, Maui. The picking of coffee and the harvesting of second crop rice are proceeding rapidly in all sections. Windward pastures are in good condition, but practically all leeward pastures need rain, especially in the lower levels.

REMARKS BY CORRESPONDENTS.

ISLAND OF HAWAII.

Kaunaloa—Fine weather during first part of week, but rainy during past two days; sugar cane doing well, especially that for crop of 1907; leafhoppers have practically disappeared; pastures and grazing stock in good condition; fruit and vegetables doing well, but more sunshine is desirable.—J. E. Gamelleon.

Hilo—Showery weather; all crops growing nicely.—L. C. Lyman.

Papaikou—Wet weather still continues; upper fields show little growth; lower fields doing well, but too wet for best results; stripping, cultivating and fertilizing cane.—John T. Moir.

Pepeekeo—The rain is still with us, and ground is thoroughly water-logged; cane and weeds growing well through it all; hilling, weeding, hoeing and stripping cane.—Jas. Webster.

Hakalau—Weather conditions during last few days of October most favorable for all kinds of plantation work; excessive rainfall on 1st and 2nd instants; all crops doing well; weeding, stripping and fertilizing cane.—J. M. Ross.

Honohina—Splendid weather during first part of week, but followed by excessive rain during latter portion.—John Patterson.

Laupahoehoe—Clearing weather during week; coffee picking going on; northerly swell on October 31st.—E. W. Barnard.

Pauhaui—Normal weather conditions, with occasional light showers; cultivating and stripping the coming crop, which is in fine condition.—H. Glass.

Honokaa—Finished grinding cane on 2nd instant; showery weather continues, and cane is growing rapidly.—C. H. Bragg.

Nulli—First part of week warm and dry, but latter part stormy; crops looking well.—F. C. Pactow.

Kohala—Weather conditions very favorable for cane growth; stripping, hoeing and cultivating the principal operations during week.—W. O. Taylor.

Kohala Mission—Strong winds during first part of week, but latter part quiet and rainy; cane tasselling and rice ripening.—Dr. B. D. Bond.

Puukae Ranch—Weather fine, but temperatures somewhat low; stock and pastures in good condition.—A. Mason.

Puuhoe—Northerly winds, with light, driving showers and cold, foggy weather; stock in good condition.—S. P. Woods.

Kamuela—Dry and cool weather during entire week.—Mrs. E. W. Hay.

Honokaaui—Weather during the past week has been dry, with warm days and cool nights; lowland pastures dried up, in consequence of which it has become necessary to remove stock to higher levels; coffee crop ripening rapidly.—F. R. Greenwell.

Kealahou—Dry weather during most of week, with cool nights.—Rev. S. H. Davis.

Kealahou—Dry weather during week.—Robt. Wallace.

Naalehu—A few showers since last report, but weather has been for the most part fine and windy.—G. G. Kinney.

Pahala—Good showers during the past week have improved crop conditions considerably.—H. D. Harrison.

Kapoho—Strong northeasterly winds, with frequent and heavy rains; cane in good condition and tasselling.—H. J. Lyman.

Olaa—Too much rain to admit of good field work or good cane growth; fertilizing extensively.—E. P. McCann.

ISLAND OF MAUI.

Kipahulu—Weather continues rainy; weeding, hoeing, stripping and fertilizing cane.—Andrew Gross.

Hana—Strong winds from south and east have prevailed during greater part of week, with considerable rain; crops doing well.—N. Omsted.

Nahiku—Temperatures slightly higher this week; showery weather still continues; all vegetation growing well.—C. O. Jacobs.

Huelo—Weather has been quite dry during the past week, especially in the higher levels, and mountain streams are consequently much lower than for some weeks past; stock of all kinds in fair condition; vegetation shows seasonal check.—W. F. Pogue.

Peshi—Fine weather, with light rains at night.—Geo. Groves.

Haiku—Abundant sunshine, light wind and little rain; a fine week for vegetable growth and all field operations; harvesting in progress of small quantities of advanced winter crop pineapples; main winter crop developing finely; sisal growing well.—D. D. Baldwin.

Pala—Very little rain during past week; planting for 1907 cane crop about

finished; all pumps idle; tasselling has begun, especially in the Lahaina cane.—J. J. Jones.

Makawao—Partly cloudy and cool weather, with fresh trades all week; no rain, and conditions very favorable for farm work; all late crops doing well; weather conditions in Kula section remain unchanged.—E. H. Bailey.

Puunene—Very high winds during early part of week, but weather close and sultry during latter part; fair amount of water in ditches; tassels on cane showing up more daily.—J. N. S. Williams.

Wailuku—Dry weather and light trade winds; young cane growing well, and 1906 crop cane tasselling; rice ripening and in splendid condition; oranges ripening; vegetables scarce; streams low; rain needed badly.—Bro. Frank.

Kihel—Normal weather conditions prevailed during first part of week, but latter part was very sultry and cloudy, with variable winds and indications of rain; rain much needed on this side of the island; ditches running fairly full; cane shows a healthy growth; planting, fertilizing and cultivating cane.—James Scott.

Kaanapali—Close and sultry weather during week; rain needed on the lower levels; all growing cane looking well, and pastures fairly well.—Wm. Robb.

ISLAND OF OAHU.

Maunawili—Heavy rain on night of October 31st and during day of November 1st; days warm, but nights rather cool; picking coffee.—John Herd.

Waimanalo—Warm days and rather cool nights; only two light showers during week.—A. Irvine.

Paloalo Valley—No rain during the past week; still cutting rice; sisal and taro, growing well, and considerable land being planted to taro; vegetables growing very well, and not affected by dry weather; young rubber trees doing nicely.—F. L. Webster.

Ewa—Week has been warm and dry, but nights have been cool; hoeing and fertilizing cane.—W. Lorengel.

Sisal—Bright, pleasant weather; cool nights; sisal looking well.—Wm. Weinrich, Jr.

Waianae—Weather has remained warm all week; some rain has fallen, and present indications point to more.—F. Meyer.

Waikeala—Light showers during week; warm days and cool nights; young pineapple plants doing well.—W. R. Waters.

Kahuku—Weather conditions continue much the same as during the preceding week, although days have been slightly warmer, and it has been very sultry during latter part of week; stripping, fertilizing and replanting cane.—R. T. Christophersen.

ISLAND OF KAUAI.

Makaweli—Bright, warm weather; plowing and planting finished; cane coming into tassell; cultivation of ratoons being pushed forward, and fertilizer being put in.—Hawaiian Sugar Co.

Elele—Weather very dry, with cold nights; no signs of rain; growing cane doing well.—McBryde Sugar Co.

Koloa—Warm days and cool nights; good growing weather, but rather dry; cane beginning to tassell.—P. McLane.

Lihue—Weather during days has continued very warm, but nights have been cool; no rain last week.—F. Weber.

Kilauea—Warm weather continues, with occasional light showers, and conditions in general are favorable for cane growth; cane beginning to tassell.—L. B. Boreiko.

Hanalei—Second crop rice being harvested; pastures in good shape.—E. G. K. Deverill.

Miss Annie I. Forbes, a teacher in Kawaiahae Seminary, died suddenly at that institution yesterday morning. She had been recovering from fever under the care of a physician, when she took a relapse and succumbed. Deceased was a daughter of Mrs. M. J. and the late Rev. A. O. Forbes and a sister of W. J. Forbes of the real estate department of Smith & Lewis. Her death was caused by heart failure. Funeral notice elsewhere.

LAME BACK.

This ailment is usually caused by rheumatism of the muscles and may be cured by applying Chamberlain's Pain Balm two or three times a day and rubbing the parts vigorously at each application. If this does not afford relief, bind on a piece of flannel slightly dampened with Pain Balm, and quick relief is almost sure to follow. For sale by all dealers and druggists. Benson, Smith & Co., Ltd., agents for Hawaii.

A Lasting Effect.

This Evidence Should Prove Every Claim Made for Doan's Backache Kidney Pills in Honolulu.

Relief from the pains and aches of a bad back is always welcome to every backache sufferer; but to cure a lame, weak or aching back is what's wanted. Cure it so it will stay cured. It can be done. Here's the strongest evidence to prove it:

James E. Howard, a resident of Honolulu, writes: "I feel it incumbent upon me to inform you of the benefit I have derived from the use of Doan's Backache Kidney Pills. I had been a sufferer from backache and kidney trouble for years, but after using a few boxes of Doan's Pills, have found great relief and have had no recurrence for at least six months. I am seventy-two years old, having served three years during the late Civil War in the United States where I undoubtedly contracted the kidney disease by exposure and hardships. I feel very grateful for the relief I have received, for I had previously tried various remedies without success. You may use this statement for publication as you see fit."

Doan's Backache Kidney Pills are for sale by all dealers. Price fifty cents per box, or sent by mail on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands. Remember the name Doan's, and take no other.

FISHERMAN IN DISTRESS

The perils of the sea and the torture of Tantalus were brought vividly to mind by the arrival yesterday of the little brigantine Jinsei Maru of Hakodate, Japan, Yamasaki master, 150 tons net, with 64,000 pounds dog salmon aboard.

She left Juneau, Alaska, the twenty-second day of September, bound for Port Lloyd, Bonin Islands, off Yokohama. She took the great circle route which brought her close to Hawaii. The weather was fine all the way, and therein lay her trouble. Although the sun was shining pleasantly above and the sea was as calm as a mill pond, her sails flapped idly in the breeze and the water supply steadily ran lower and lower. Like the ancient mariner they had "water, water everywhere and not a drop to drink," or soon would not have had if they had not put in to Honolulu.

They left Hakodate, May 27, bound for Alaska to fish with a crew of 17, all told. Among them is a "haole" by the name of E. Burtz, who is useful in the double capacity of navigator and interpreter. The barkentine is painted black and standing off port since early morning, apparently afraid to come in, she looked like a pirate ship of the days of old. The few people on the waterfront kept guessing all day what she was, but without success. Nor was Diamond Head Charley, the harbor or any of customs and health officers any wiser than the land lubber and the ordinary civilian. True, she flaunted the Japanese flag and a string of signal flags which read "H. L. R. S."

That is supposed to give the key to her number in the international register, her home port, master, port of departure, destination, cargo and consignee, but the international register even had evidently never heard of her although she was built in Japan in 1895. She is a low, rakish-looking craft with an imitation of the butt end of a sampan on her stern. Built of wood, and in need of paint, she looks like a veritable tub, with two mop handles for masts. After being passed by the health, immigration and customs officers, she took on a pilot and decided to anchor outside. She will leave in a day or two to resume her interrupted voyage.

She is a low, rakish-looking craft with an imitation of the butt end of a sampan on her stern. Built of wood, and in need of paint, she looks like a veritable tub, with two mop handles for masts. After being passed by the health, immigration and customs officers, she took on a pilot and decided to anchor outside. She will leave in a day or two to resume her interrupted voyage.

HILO GROWERS AND PINEAPPLE BOOM

Editor Advertiser: Your Hilo news item under above caption presents some features of organization which the Hilo growers will do well to go slow on.

What necessity exists for yielding up lands, for instance, in order to secure paid-up stock in a cannery? What a cannery needs is the fruit to can, and if sufficient area is planted to ensure a crop worth canning, those producing the fruit can organize a cannery company, pledge their several holdings for the advances necessary to secure a plant and sufficient material to provide the means for canning and marketing the crop.

Advances for cannery would be on a basis of a term of years—say five years, one-fifth payable each year; advances for marketing the crop would be met by sales of canned goods. Excess over such advances and the one-fifth against expense for cannery would be divided among those joining in the venture in ratio as they delivered fruit to the cannery.

It might even be possible, where exceptional security was offered, that the growers might receive 25 per cent. of the estimated value of their fruit at the time of delivery to the cannery.

These suggestions are made with a desire to see Hilo make a place for itself in the pineapple industry, a place it might have commanded three years ago had its citizens been more public-spirited then. But the way to make that place is not in attempting to form a stock company, but to organize the growers, elect a board of directors with

power to negotiate along above lines and, when they have the goods ready, I think they can find at least two houses that, on a five years' agency contract and with security as herein mentioned, would be willing to make advances as above outlined on equitable terms.

PINES,
Box 231, Honolulu.

PEACOCK LOSES IN FIRST ROUND

Judge De Bolt yesterday sustained the demurrer to the complaint of W. C. Peacock and others against W. C. Peacock & Co., Ltd., and others. Respondents were given ten days in which to amend their complaint. S. M. Ballou and A. F. Judd represent the respondents.

In Judge De Bolt's decision it is held that there was no showing in the bill that Peacock or his associates had made an effort to compel the company itself to do the things for which complainants pray, therefore they could not ask the court for the relief that the company was in a position to grant or refuse.

Even numbered cases, having been re-assigned to Judge Robinson, Judge De Bolt will, at 9 a. m. Thursday, November 9, call odd numbered cases from No. 261 to 395, inclusive, for the purpose of setting same for trial.

COURT NOTICES

IN THE CIRCUIT COURT OF THE FIFTH JUDICIAL CIRCUIT, TERRITORY OF HAWAII, BEFORE HARDY, J., AT CHAMBERS.

In the Matter of the Guardianship of the Person and Estate of Arthur Knudsen, an Alleged Mentally Incompetent Person. Notice of Hearing of Petition for Appointment of Guardian.

Notice is hereby given to all persons interested that on October 20, 1905, a petition was filed in the above-entitled Court alleging, among other things, that Arthur Knudsen, son of Annie S. Knudsen, and now residing without the Territory of Hawaii, is mentally incompetent to, and incapable of, taking care of himself and of managing, caring for or protecting his property and praying for the appointment of said Annie S. Knudsen as guardian of his person and estate, and for other relief, and that the hearing of the said petition was set for Friday, the 24th day of November, 1905, at 10 o'clock a. m., at the Court House in Lihue, island of Kauai, and all persons interested are hereby notified to appear at the time and place aforesaid and show cause, if any they have, why the prayer of said petition should not be granted.

By the Court,
(Signed) JNO. A. PALMER,
Clerk of said Court.
Dated, Lihue, Kauai, October 20, 1905,
2740

IN THE CIRCUIT COURT OF THE FIFTH CIRCUIT, TERRITORY OF HAWAII, AT CHAMBERS—IN PROBATE.

In the Matter of the Estate of Katherine Kaunani Scott of Kilauea, Kauai, Deceased. Order of Notice of Hearing Petition for Administration.

On reading and filing the Petition of Frank Scott, husband of Katherine Kaunani Scott, alleging that Katherine Kaunani Scott of Kilauea, Kauai, died intestate at Kilauea, Kauai, on the 10th day of September, A. D. 1905, leaving property in the Hawaiian Islands necessary to be administered upon, and praying that Letters of Administration issue to him, the said Frank Scott,

It is ordered that Thursday, the 30th day of November, A. D. 1905, at 10 o'clock a. m., be and hereby is appointed for hearing said Petition in the Court Room of this Court at Lihue, Kauai, at which time and place all persons concerned may appear and show cause, if any they have, why said petition should not be granted, and that notice of this order be published in the English and Hawaiian languages for four (4) successive weeks in the Hawaiian Gazette and Kuokoa newspapers in Honolulu.

Dated at Lihue, Kauai, October 13, 1905.

(Signed) JACOB HARDY,
Judge of the Circuit Court of the Fifth Circuit.
Attest:
JNO. A. PALMER,
Clerk of the Circuit Court of the Fifth Circuit.
2740—Oct. 24, 31—Nov. 7, 14.
